"The change that I am experiencing is very visible. I have used inner peace to enrich my relationships with everyone: friends, family, and colleagues."

KAROLINA SZULKOWSKI, USA

"The most important is to control my thoughts and actions; to think about the effects on others and to myself."

MARIA SONIA ARENAS, PERU

"I'm going through a life changing experience, I was challenged, mentored, and trained to discover and use the basic principles of creating true happiness."

JULIUS MAGALA, UGANDA

"Before, I would drink regularly but stopped after doing the self-development program. I am healthier and a much better person."

SHEREEN SARTAWI, JORDAN

"Meditation is a way to learn about yourself because you are able to look within and analyze yourself."

LUIS ALVARADI MARTINEZ, SPAIN

SOME OF OUR PARTNERS

Peace Revolution

Peace Revolution

Is an international project of the World Peace Initiative Foundation.

Peace Revolution strives to bring peace to the world by supporting individuals in finding inner peace and then sharing it with their families, friends, and communities. Hence the slogan: **Peace In Peace Out**.

Peace In + Peace Out = Sustainable World Peace

Peace In

We work on empowerment of the individual through:

SELF-DEVELOPMENT

The free online self-development program is a 42-day challenge teaching the skills and techniques involved in the development of inner peace. It provides guided meditation videos and daily reflections to support personal development and the practice of mindfulness.

FELLOWSHIPS

Peace Revolution currently holds 13 international fellowships in Thailand, plus regional fellowships in Europe, Latin America, MENA, Africa, and Asia. Fellowships are provided for active and committed people to deepen their inner peace and meditation practice.

Peace Out

We have a network of international alumni who pay it forward through:

ONLINE MEDITATION

Internet-based meditation sessions are held all around the world, conducted by qualified trainers. It is a great opportunity to share inner peace time with individuals who share the same interest and value.

PEACE ON DEMAND

There are series of international events (workshops, retreats and meditation sessions) in universities, institutes, studios, companies, etc. organized and hosted by local volunteers actively involved in the project. These events are conducted by qualified professionals of meditation. More than 38,000 people attended since 2010.

Peace Revolution explores the link between meditation and the following areas:

STRESS
MANAGEMENT

SUSTAINABLE
DEVELOPMENT

PEACE
BUILDING

PSYCHOLOGY
CREATIVITY

LIFE
