

# GLOBAL PEACE ON THE MOVE

11

13 - 25 DECEMBER 2013, MOOKTAWAN SANCTUARY THAILAND

In December 2013, young people from around the world had the gift of being selected to share a very special experience. The magic of Mooktawan gave us the opportunity to start the journey back to ourselves. An incredible location in the middle of the ocean inspired us to start searching for real peace and joy within our hearts.

## ICE BREAKING:

Breaking free from our obstacles and judgments we are able to develop ourselves and start opening our minds to the diversity between us. As soon as we understand that we are all one, we realize that there are no barriers between countries, cultures, and backgrounds.

# DISCIPLINE

Through politeness, tidiness, organization and punctuality we can build a habit and establish a true commitment with ourselves.

# GOOGLE WITH MONKS

wisdom brought directly to us. Their words open a wide universe of clarity. It was the perfect chance to merge into the Thai culture and to clear any doubts.

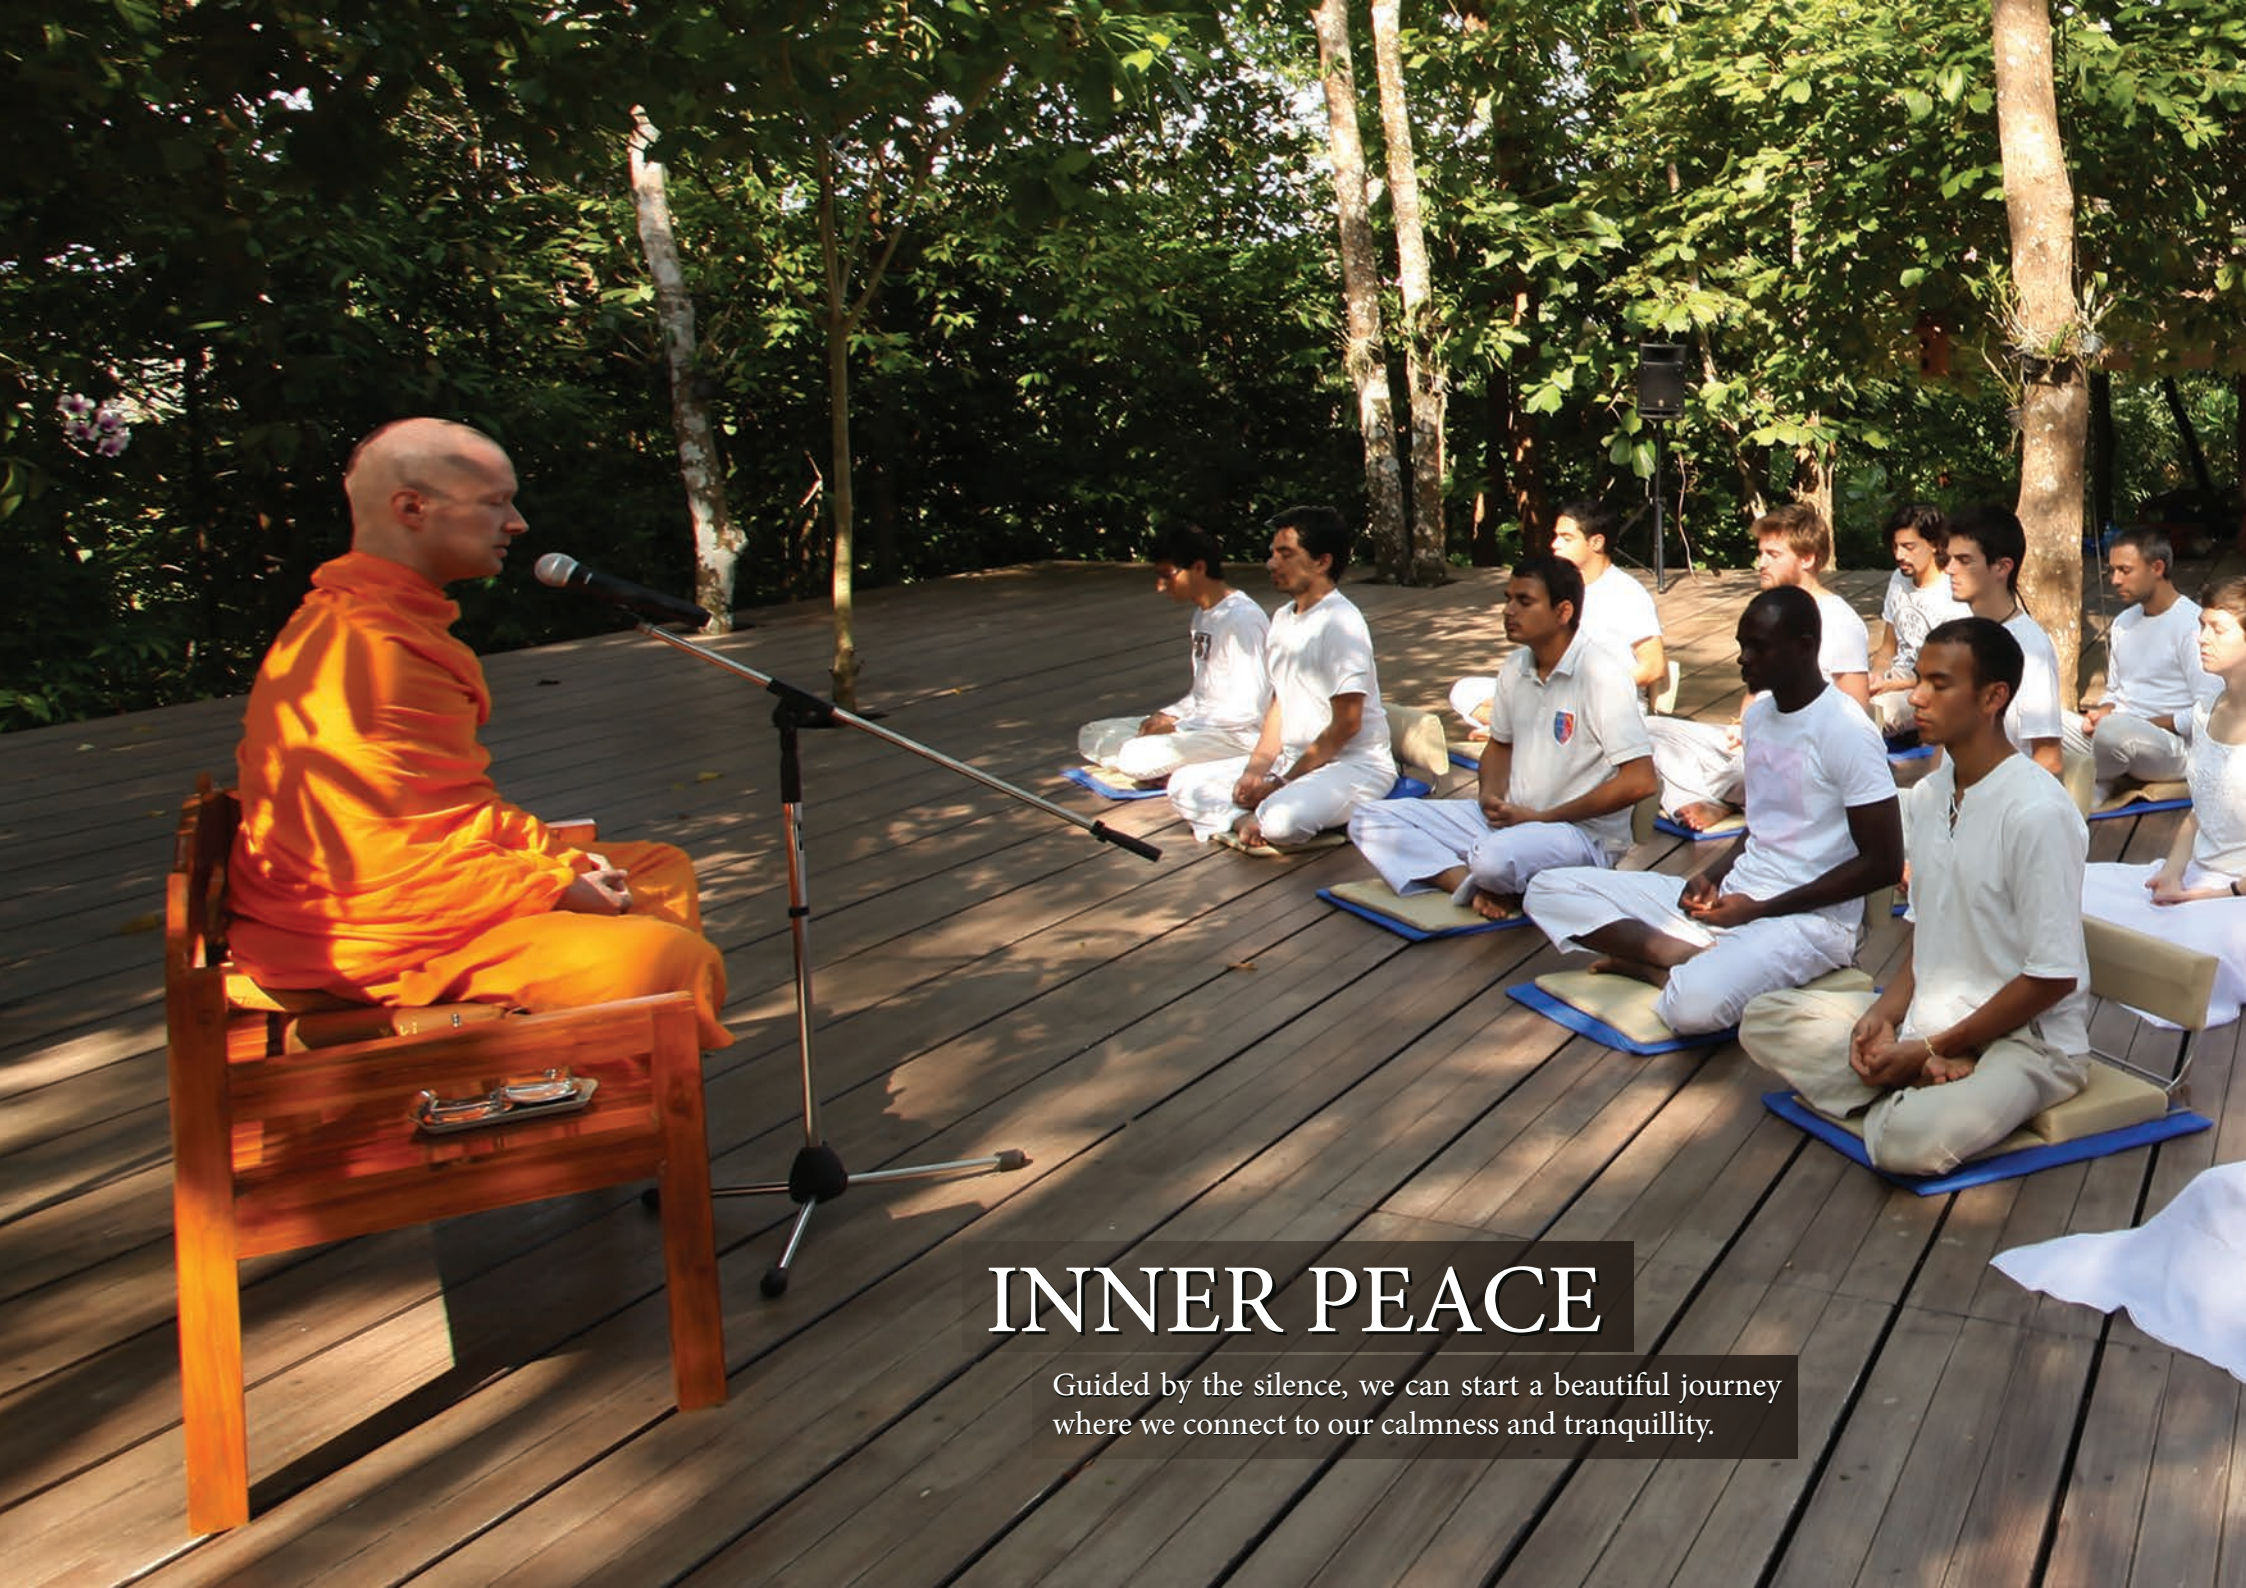

# BUBBLE BLOWING

As simple as blowing bubbles, meditation is a way to reconnect with our inner child. Being led by our innocence and purity, we will be able to bring stillness and brightness to our lives.

# INNER PEACE

Guided by the silence, we can start a beautiful journey where we connect to our calmness and tranquillity.

# BALANCE

Finding the middle point we maintain our centre.  
Any action that we take is done with measure and  
consciousness.

PEACE

IN

A group of people, mostly women, are sweeping a dirt path in a lush, green forest. They are all wearing white clothing. The path is covered with dry leaves and twigs. The background is filled with dense foliage and trees. The overall atmosphere is peaceful and serene.

# PEACE OUT

everything around is a reflection of our inner reality. Bringing clarity to our environment we clear our minds. Cleaning our thoughts we are making our world a better place.

# SILENCE

Only in the silence can we really hear well. In the darkness we can see clearly.  
Only in the stillness can we observe ourselves without fears and judgments.

# Friendship

Intuition, laughter and knowledge are in the act of sharing with people from all over the world. We never forget this experience that we lived together.

# GENEROSITY

with the act of sharing, we are able to bring to the others our inner light and we experience the feeling of gratefulness and appreciation.

# TEAMWORK

because the total is more than the parts, collaborating with each other is how we can reach the most beautiful acts of love and peace. We are ready to share our experiences.

A group of people are sitting in a circle on the ground at night. They are illuminated by warm, golden light from a large fire on the left and several small candles or lanterns placed around them. The background is dark with silhouettes of trees and a low wall. The overall atmosphere is peaceful and communal.

# LIGHT OF PEACE

Lighting the candle and maintaining the warmth of the unity, we will keep bringing brightness to this world.
