Once we have peace of mind, then we can put it into action. Spread peace to others by lending a hand to help clean the environment. This meditation room, for example, is a shared place where one can freely disconnect from all things and connect with peace.

A clean environment means a clean mind. As we clean our surrounding, we are are also cleansing our mind.

A group of people, mostly wearing white t-shirts and blue pants, are engaged in a community cleanup activity. They are sweeping and collecting debris from a large, light-colored paved area. The scene is surrounded by lush green trees, with a large tree trunk visible on the right side. The sun is shining brightly through the foliage, creating a dappled light effect on the ground. A yellow rectangular box is superimposed over the center of the image, containing the text "CLEAN IN CLEAN OUT".

The background is a warm, golden sunset or sunrise over a body of water, with the sun low on the horizon and its light reflecting on the water. The sky is filled with soft, orange and yellow clouds.

Peace Revolution believes that world peace is possible
that begins with each individual finding inner peace
and then spreading it to others. Hence the slogan:

Peace In Peace Out
